**The Voice of
Nevada
Exploration**

The Nevada Mineral Exploration Coalition (NMEC) is a nonpartisan, grass-roots coalition of individuals, companies and organizations engaged in, or in support of, mineral exploration and development in the State of Nevada. The NMEC's mission is to *preserve and promote* the Nevada mineral exploration community through legislative and regulatory advocacy, promotional events and public education. The NMEC supports political candidates who support mineral exploration regardless of party affiliation. In addition to your normal membership dues, a portion (\$50) of each company and individual membership (exclusive of individuals of a member company) will be used for this purpose. Contributions are recommended by our lobbyist and approved by our board of directors based on personal interactions, voting records, willingness to listen and leadership position.
